

ACCESS TO THE TERRITORY and UNLOADING OF EXHIBITS

Load-carrying vehicles may only access the territory of Crocus Expo IEC through the first exit from the Moscow Ring Road. **Access to the territory of Crocus Expo IEC under the arch is prohibited.**

Along the perimeter of the pavilions, there is a Loading and Unloading Zone. To access this zone, you need a **paid Loading and Unloading Zone pass**. You can request one by emailing Service@Crocus-Expo.ru (for Pavilion 1), specifying the type of pass needed and attaching the company's bank details, or you can purchase it at the Service Centre of the pavilion based on the application for bringing exhibits.

A paid Loading and Unloading Zone pass is valid for one vehicle and allows one-time entry during the set-up and dismantling periods.

Please note: There is no replacement for the pass if the vehicle must be changed! The type of pass (light vehicle, light vehicle with a trailer, heavy vehicle) depends on the vehicle type specified in the Vehicle Registration Certificate.

Parking time in the Loading and Unloading Zone is **limited and recorded** at the entrance and exit by electronic barrier gates:

- cargo vehicle: 2 hours;
- passenger car: 1 hour;
- passenger car with trailer: 2 hours.

Vehicles must leave the Loading and Unloading Zone immediately after unloading. **An additional fee** of RUB 1,000 will be charged **for every 30 minutes beyond the specified limit**. The extra payment must be settled at the Service Centre of the pavilion before 20:00.

Please consider these restrictions when planning delivery, loading, and unloading at the exhibition!

Loading, unloading, set-up, and dismantling using lifting gear must **only** be carried out by **the personnel of the Transport and Logistics Department of Crocus Expo IEC using their own equipment**. **To place a self-propelled exhibit at the stand, you need to order and pay for a pass for the self-propelled exhibit**. Your requests will form the basis for the schedule of arrivals at the exhibition, which is mandatory for all participants. **If loads arrive outside of the schedule, delivery to the stand will not be guaranteed.**

For rates and request forms, please visit: <http://eng.crocus-expo.ru/services/>;

For inquiries, contact: +7 (495) 727-25-87 (Monday to Friday from 09:30 to 18:30), Trans@Crocus-Expo.ru

Loading/unloading operations are permitted from 08:00 to 19:45 (with a lunch break from 13:00 to 14:00) only in the Loading and Unloading Zones. **Independent loading, unloading, and transportation using any type of lifting gear and transportation equipment** (cranes, loader cranes, electric and hydraulic stacking trucks), **as well as reloading from one vehicle to another, are prohibited**. Personnel/carts may enter the Loading and Unloading Zone for unloading only through the cargo gate of exhibition halls. Violations will result in fines imposed by the administration of Crocus Expo IEC.

When passing through the central entrances and metal detectors into the Crocus Expo pavilions, Visitors may carry hand luggage (maximum weight 20 kg, maximum dimensions 60x60x60 cm, total of 180 linear cm), subject to inspection by exhibition center security personnel. Hand-carried luggage includes handbags, shopping bags, suitcases, backpacks, paper folders, overcoats, umbrellas, canes, strollers, and wheelchairs for the disabled. Items not considered hand luggage (equipment of any kind, furniture items and components, boxes, packaging materials, decoration items such as banners, posters, balloons, plants, etc., advertising structures, exhibits of any size, quantity, and type of packaging intended for display) are permitted only through the cargo gate in the Loading and Unloading Area (access by vehicle passes).

Customs clearance

To deliver international cargo (non-Customs Union goods) to the exhibition center, please use the services of Crocus Expo IEC's official customs freight forwarders. If you use other freight forwarders, they must contact one of the official customs freight forwarders of Crocus Expo for goods delivery to the Russian Federation and the exhibition center.

For more information, please visit: <https://eng.crocus-expo.ru/services/> (see "Official freight forwarders and customs clearance").
