

## **DISPLAY OF EXHIBITS**

For any demonstration of equipment that may be accompanied by noise, characteristic odours, or light effects, and which could potentially cause complaints from Exhibitors and/or Visitors, you must obtain prior approval from the Organiser.

**All parts of the equipment must be located within your exhibition area.** During any demonstrations of exhibits, it is your responsibility to install protective guards, screens, etc., to ensure the safety of Exhibitors and Visitors.

**IMPORTANT!** If solid waste and debris are generated during any demonstration, it is your responsibility to order suitable tanks and/or waste containers through the Service Centre.

Failure to follow these guidelines may result in the Organiser refusing to allow your demonstration.
